Chief Editor: Ms. Smriti Dwivedi a quarterly newsletter of AMHSSC

OUR CORDIAL WELCOME TO OUR HON'BLE PRIME MINISTER AND NEW SKILL MINISTERS

"The Skill India initiative is a meeting of job seekers, employers and policy makers and need to formalize the informally self learned sector. India is a youthful nation, today's youngsters are becoming job creators. We need to provide a boost to entrepreneurship to India. There was a time when start-ups meant only digital and tech innovation. Things are changing now, we are seeing start-up entrepreneurs in different fields. Start-ups are no longer only in big cities, smaller towns and villages are emerging as vibrant start-up centers. India has distinguished itself in the global start-up eco-system. Along with 'Make In India', 'Design in India' is also essential. If we do not innovate, we will stagnate."

-Shri Narendra Modi, Hon'ble Prime Minister of India

"Employment is going to be the top agenda for the skill Ministry. India has a large young population and we would want to ensure that they are properly skilled in the sectors that they are working in. The ministry would also ensure that after skilling they have various employment opportunities which are not temporary and are sustainable and regular in nature."

-Dr. Mahendra Nath Pandey

Hon'ble Minister of Skill Development and Entrepreneurship.

"We will be able to scale up through new initiatives and take Skill India Mission to its next level. Our primary focus will be to create opportunities of employment for the youth with due support and participation from the industry. It is very important to map the continuity of employment in a candidate's lifecycle and entrepreneurship will be one of the critical elements in it."

-Shri R. K. Singh

MoS, Ministry of Skill Development and Entrepreneurship

Workshop on Introduction of Apprenticeship & Recognition of Prior Learning (RPL) 4.0

A Workshop on "Introduction of Apprenticeship & Recognition of Prior Learning (RPL) 4.0" was organized on 6th May, 2019 at Hotel Andaz, Aerocity, New Delhi by Apparel, Made-ups & Home Furnishing Sector Skill Council (AMHSSC). The primary goal of the workshop was to increase understanding of recent developments in the Apprenticeship Act, and to introduce and provide information regarding various skilling initiatives that have been introduced to support the industry. There were many topics covered during the workshop and the presenters did an outstanding job of sharing their expertise with audience.

Dr. Roopak Vasishtha, CEO and DG, AMHSSC, briefed the audience about the working of AMHSSC, objectives of organizing this Workshop for apparel industry and buyers. Mr. Atul Madan, Additional Director—Operations and Training, took the audience through the ongoing Recognition of Prior Learning scheme for the apparel industry. A presentation on Apprenticeship Scheme was also given by Mr. Vasu Sharma from NSDC.

4th PMKVY State Project Approval Committee Meeting of Kerala

Kerala Academy of Skills Excellence (KASE) being the nodal agency for implementing the Centrally Sponsored State Managed (CSSM) Component of PMKVY had floated EoI for selecting TPs. In response, around 17 TPs had shown interest for the same. Out of which 6 TPs opted for allotment in Apparel sector. In order to empanel the TPs a 4th State Project Approval Committee Meeting was convened on 17th May, 2019 at KASE Trivandrum with an objective to evaluate each of the proposals.

Ludhiana Apprenticeship Connect Workshop

Apprenticeship Connect Workshop was organized by National Skill Development Corporation along with Confederation of Indian Industry on 21st May 2019 at Park Plaza Hotel, Ludhiana.

A total 9 industries took part in the workshop including one from the Apparel Industry, Trident group, Training Partners and a German Corporation.

The workshop was organised with the objective of disseminating the information about the new Apprenticeship framework, connect and drive greater engagement amongst key Skill Stakeholders, enhance greater awareness on various schemes and initiatives in the skilling sector, share best practices and table issues and challenges.

Industrial Meet at AMHSSC's Center of Excellence, New Delhi

An industry meet was organised on 29th May, 19 at the newly established Center of Excellence (CoE), equipped with the State of the Art technology at New Delhi by Apparel Made-Ups and Home Furnishing Sector Skill Council. The program began with a Welcome Address by Dr. Roopak Vasishtha CEO and DG, AMHSSC. A presentation showcasing the concept of Center of Excellence, its vision, offerings and future plans was given by the Center Head Mr. Vipul Wahal. The presentation also gave an insight to the delegates, about the benefits that the industry could derive out of CoE and the Management Development Programs offered by CoE. The presentation was followed up by a Question and Answer session which was addressed by Dr. Roopak Vasishtha.

Buyers Meet

A buyer's meet was organised by AMH SSC at their COE, Delhi on 13th June, 2019. Dr. Roopak Vasishtha, CEO and DG, AMH SSC addressed eminent buyers of the Apparel Industry. The main agenda of the meet was to understand the buyers perspective, the feasibility and implication of NAPS in Apparel Sector.

Fashion Factory 4.0: The Connected Sewing Machine?

Software Company PTC to debut Intelligent Apparel Manufacturing Initiative at LiveWorx, June 10 to 13, in Boston.

Computer software company PTC, one of the first to market an Internet-based product life-cycle management platform and an early adopter of digital 3-D design, is rolling out an Intelligent Apparel Manufacturing, or IAM, initiative.

The IAM initiative is designed to transform the way products are sourced and manufactured across the fashion and apparel industry. Leveraging PTC's FlexPLM and ThingWorx Internet of Things solutions, IAM aims to bring the vision for Industry 4.0 alive for fashion and apparel manufacturers anywhere.

'India Size' garments may hit the shelves soon

In March, the government will launch an exercise to measure a group of people to prepare a comprehensive 'India Size' chart.

You may soon be able to walk into a shopping mall and try on clothes with the 'India Size', tailored to suit the body measurements of the country's populace. The government will also begin collating information for "trend forecasting" for textiles this month, using commercial intelligence to determine what could be in vogue in the near future, a move bound to exert major influence on global fashion trends, a top official said.

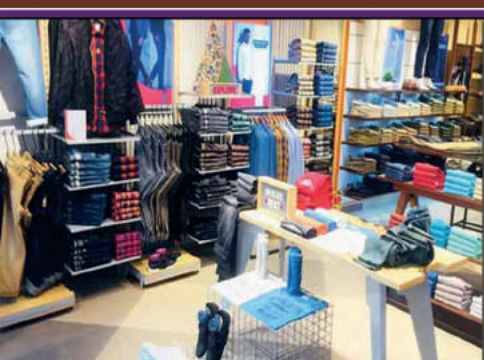

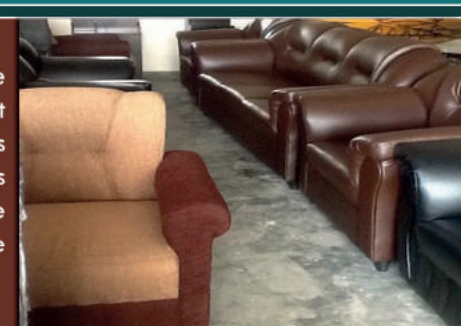

In March, the government will launch an exercise to measure a group of people to prepare a comprehensive 'India Size' chart, which can be adopted by the country's apparel industry.

What's in store for the Indian fashion industry in 2019?

2019 finally seems to be the year when India will set its image as a global fashion hub. Programs such as Make in India, Skill India and Digital India have pushed forward revolutionary policy changes for the business community and industry as a whole. This has been confirmed by the 'State of Fashion 2019' survey issued by McKinsey. As per the survey, as manufacturing strengthens and the middle class expands due to higher incomes; India will become a crucial point for the fashion industry.

The Interim Budget 2019 is a great forward looking budget that allows a higher nontaxable segment. The thought is simple, when a larger segment of people are able to save on income tax, spending will increase, which would lead to an incremental rise in indirect taxes.

AMHSSC organises industry meet to highlight COE benefits

PBD BUREAU
NEW DELHI, JUNE 5

APPAREL Made-ups and Home Furnishing Sector Skill Council (AMHSSC) organised an industry meet in its newly-opened Centre of Excellence (COE) here on Wednesday.

The purpose of this industrial meet was to highlight the benefits of this centre of excellence and to showcase the state-of-the-art machines, which include 12 head computerized embroidery machine, auto Cad machine, end-cutter machine and CNC cutting machine.

On this occasion, many dignitaries, including Dr. Roopak Vashishtha (CEO, AMHSSC), Nidhi Trehan (Additional Director - Quality and Standards, AMHSSC), Anu Madan (Addl Director-OT) and Mr. Vipul Wahi (Head of COE, Delhi) were present.

The Centre of Excellence will run 2 to 3 days' Management Development Programmes (MDPs) towards upskilling of Supervisors and Managerial teams of Apparel industry. In order to meet the specific needs of the industry, AMHSSC is planning to establish 5 to 6 more such Centres at various locations across India.

Dr. Vashishtha said, "We have already trained 9 lakh candidates till now and 4 lakh candidates are undergoing training. We are planning upskilling of industry workers, supervisors and middle-level managers through this Centre of Excellence. 1 congratulate the whole team of AMHSSC for making such an excellent infrastructure with top of the line equipment."

AMHSSC was formulated by the Ministry of Skill Development and Entrepreneurship (MSDE) and National Skill Development Council (NSDC) to develop skills repository for apparel value chain, national occupational standards in the industry.
