**Certificate distribution ceremony for Azure Power CSR Project Empowering Lives Through Skill Development in Punjab**

Skill development is more than just learning, it's a gateway to financial stability and self-reliance. Recognizing this, the Apparel, Made-Ups & Home Furnishing Sector Skill Council (AMHSSC), in collaboration with Azure Power Pluto Pvt. Ltd., launched a transformative CSR Skill Training Program in Malaut, Punjab. This initiative aimed to equip 120 beneficiaries with specialized skills in Sewing Machine Operation (SMO) and Fashion Design (FD)—empowering them with the tools to build sustainable livelihoods.
